## PRICING NOTICE: EFFECTIVE MARCH 1, 2021

February 1, 2021

Dear Martin Door Dealer,

Although lead times have continued to go down three weeks in a row, costs have skyrocketed on nearly all of our raw materials, particularly glass, steel, and aluminum.

These added costs cannot be absorbed. Effective March 1, 2021, we are implementing the following:

- **PRODUCT PRICE INCREASE**

4.9% price increase on doors and parts. No increase on openers.

If commodity prices decrease and stabilize throughout the year, we pledge to decrease our pricing accordingly.

Best Regards,  
Martin Door Customer Service Team
